What types of assistance are available?

Homeowner (owner-occupied)

No-Interest, deferred payment loans are available for housing rehabilitation. The loans will be deferred until the housing unit ceases to be the borrower's principal place of residence. At that time, repayment will be due in full.

Potential Homebuyers

Down payment and closing cost assistance is available. Funds can pay for up to 1/2 of a reasonable down payment and all of the closing costs not to exceed \$2,500. The purchaser must contribute a minimum of \$1,000. The balance of the funds are used to rehabilitate the home. This is a no-interest, deferred payment loan until the housing unit ceases to be the borrower's principal place of residence. At that time, repayment is due in full. The home purchaser is required to match the down payment funds contributed from the program. The home purchased must be vacant or owner-occupied. The purchaser should look for a home that does not have peeling or deteriorated paint. The program's Lead Paint Hazard Reduction requirements may make purchasing a home with paint problems unfeasible.

Are there any loan fees that apply?

Yes. There is a \$50-\$100 fee for a title search, a \$13 fee to record your mortgage and \$250 in project review fees. These fees are included in your loan.

STATE OF WISCONSIN LEAD PAINT REQUIREMENTS

The program requires that we include an evaluation of the paint in your home as a part of our project review. If your home was built prior to 1978, the program will require repairs to any deteriorating painted surfaces to reduce lead-based paint hazards. The work associated with lead paint hazard reduction will be included in your project costs and may limit your choice of contractors. It may also increase the price of some repair work.

ELIGIBLE REPAIRS

- * Handicap Accessibility
- * Repair and/or replace heating systems, water heaters, plumbing and electrical systems, and connect water and sewer lines
- * Insulate attic and sidewalls
- * Install new windows and doors
- * Exterior Improvements including roofing, painting, siding, or porch repairs
- * Lead-based paint removal
- * Install smoke detectors
- * Other general improvements

ONLY WORK THAT IS CONSIDERED ESSENTIAL AND NECESSARY WILL BE PERMITTED. ALL LEAD-BASED PAINT HAZARDS WILL NEED TO BE CORRECTED. HAZARDS WILL BE DETERMINED UPON AN INITIAL PROJECT ASSESSMENT OF YOUR HOME.

Landlords or Investor-Owned Properties

No-Interest loans are provided for rehabilitation costs to rental properties with four units or less and are re-paid to the County over a period of 5 to 10 years. The owner must agree to rent only to low- to moderate- income tenants for a period of five years.
